

General Rules for Driving at Motorsport Park Hastings

Paddock and Pit areas

- Share the space with your neighbors – be courteous and considerate.
- Please put wood blocks under trailer tires and tongue jacks.
- NO DRILLING holes or hammering stakes into the asphalt surface to anchor canopies or awnings.
- Paddock Speed limit: 10 MPH.
- Keep your eyes open for spectators and pedestrians.
- Clean up / report oil and gas spills – we have oil dry!
- Place trash in blue garbage cans
- Used oil and brake fluid may be disposed of in the “Used Oil” container (located between the two large white storage containers) which are located east of the restroom/shower building.
- No standing on wooden picnic tabletops
- Note location of Fire Extinguishers (hanging on support poles under the Race Port)
- Use jackstands when working under a vehicle.

On Track Behavior

- Respect your fellow drivers.
- Watch your mirrors.
- All drivers are required to wear long-pants, long-sleeve shirt, closed-toe shoes and an SA2015 or SA2020 helmet. Head & neck restraints are encouraged. Full driving suits are encouraged, especially for drivers of highly modified and fully prepared race cars.
- Know where the passing zones are; use proper point-bys; passing on LEFT ONLY!!
- Do not cross the Pit Exit blend line when entering the track.
- Acknowledge ALL flags displayed by corner workers.
- Pit road speed: 35 MPH
- **STAY ON THE TRACK.** Our “four-wheels off” policy is as follows:
 - 1st offense: report to pit road/black flag station for car inspection – 1st WARNING.
 - 2nd offense: report to pit road/black flag station for car inspection – driver can be asked to park it / retire to the paddock for that session.
 - 3rd offense: report to pit road/black flag station for car inspection – driver can be asked to park it / retire for the DAY.

Passenger Sessions

- For drivers in “good standing” for the day with regards to on-track behavior, we will have “ride-along / passenger” sessions scheduled for the last two run groups of the day.
- Drivers giving passenger rides are REQUIRED to drive at 7/10th and are expected to obey every flag and passing zone rules as well as keep their cars under control and ON THE TRACK during their ride-alongs.
- Failure to observe the rules above and/or a lack of “common sense” when giving passenger rides will result in the loss of passenger privileges for the remainder of the event.
